About Us

The Jenton Group was created by Jenny & Tony Little in 1968 as a packaging machinery sales and service company. Since 1996 then we have also been designing and manufacturing our own production automation machinery. The strategy of the company is to grow both organically and through acquisition of similar businesses. Today the majority of our business is based in Whitchurch, Hampshire UK with the JentonDimaco software development and service centre based in Bedford UK.

Our Policies on Slavery and Human Trafficking

We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business. Our Anti-slavery Policy reflects our commitment to acting ethically and with integrity in all our business relationships and to implementing and enforcing effective systems and controls to ensure slavery and human trafficking is not taking place anywhere in our supply chains.

Due diligence processes for Slavery and Human Trafficking

As part of our initiative to identify and mitigate risk we monitor ethical standards across the business on a regular basis both internally and externally through supplier enquiries / audits.

Our Supply Chain

Our Supply Chain security and integrity is a crucial component of the business model. Robust technical and traceability systems ensure that our products are responsibly sourced from suppliers whose values are aligned with our own.

This statement is reviewed annually to ensure that it is appropriate for the continuing changes within our business.
