# Environmental Policy Statement

Jenton International Ltd (the 'Organisation') aims to minimise our impact on the environment, conserve energy and be aware of the preservation of earth's natural resources for future generations.

We encourage all our customers, contractors, and suppliers to join us in our commitment to the environment by establishing a policy of their own.

Our overall goal is to gain acceptance from our customers to supply as much waste saving products and methods to reduce the overall impact of waste on the environment.

The organisation has a continuing commitment to:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source, design and promote a product range to help our customers minimise their environmental impact.
- Meet or exceed all the environmental legislation that relates to the company.

All personnel understand the requirements of the Environmental Policy and abide with the contents of the Quality Manual. The Organisation complies with all relevant statutory and regulatory requirements. The Organisation constantly monitors its quality performance and implements improvements when appropriate.

The Environmental Policy is regularly reviewed to ensure its continuing suitability.

Copies of the Environmental Policy are made available to all members of staff and to relevant interested parties. Copies of the minutes of relevant Management Reviews, or extracts thereof, are provided to individual members of staff in accordance with their role and responsibilities as a means of communicating the effectiveness of the Environmental Management System.
